Eligibility Criteria:

This program, the major philanthropic project of the Missouri Elks, provides for the dental needs of children and adults with developmental delays throughout the state of Missouri.

Appointment Needed:

Yes.

Cost of Service to Clients:

Free for those who qualify.

Description Of Services:

Utilizing three dental vans, the program brings accessible dental care to the areas of the state that need it most. All three mobile dental vans are staffed with a licensed dentist and dental assistant. Each dental van contains two dental units with x-ray equipment and a waiting area adjacent to the treatment area. The vans are fully accessible with the addition of a wheelchair lift. Since they are self-contained, all that the units require are a place to park and access to utilities.
