Eligibility Criteria:

The Smile Mobile Dental Clinic provides dental care to children who have Medicaid or MC+; children who have no dental insurance can also be seen if they meet income guidelines.

Appointment Needed:

Yes, but call for information.

Cost of Service to Clients:

Call for pricing.

Description Of Services:

The Smile Mobile provides most of the same services and treatments that any dentist's office provides, including cleaning, x-rays, fillings, extractions and other dental care. On average, a child will miss 30-40 minutes of class to have a dental appointment. They can return to their regular classroom activities after their appointment. If the child needs more extensive treatment than time allows, she/he may be called back to the Smile Mobile for additional treatment.
